Connector already
installed

2"

FEATURES AND BENEFITS

- Meets or exceeds all UL Requirements (SAM Manual) for power supply spacing to other heat-producing components (4" & 2" spacing requirements)
- Simplifies ground requirements for most LED drivers (Equipment Ground Connector already installed)
- Using our patented side wall clips and clamp system makes mounting power supplies easy (accommodates most LED drivers)
- Pilot hole for the special use on/off switch in a convenient place with room to fit all switches available
- Features a built-in primary barrier to aid in segregating primary wiring from all secondary leads
- Suitable for use in dry, damp and wet locations
- No fasteners or drilling is necessary-this ensures the integrity of the box's wet location wiring
- Switch with lockout
- Use with our toggle switch
