LED ENCLOSURE BOX
WET LOCATION

The Ultimate® LED Box for 1 or 2 Power Supplies

FEATURES

- Meets or exceeds all UL Requirements (SAM Manual) for power supply spacing to other heat producing components (4" & 2" spacing requirements)
- Simplifies ground requirements for most LED drivers (Equipment Ground Connector already installed)
- Using our patented side wall clips and clamp system makes mounting power supplies easy (accommodates most used LED drivers) on double power supply box.

- Pilot hole for the special use on/off switch in a convenient place with room to fit all switches available
- Features a built-in primary barrier to aid in segregating primary wiring from all secondary leads
- Suitable for use in dry, damp and wet locations
- Double Box may hold two 120W 12VDC power supplies
- Use with our toggle switch on Page 44

PRODUCT OPTIONS

Part Number	Description	Dimensions
VLP-QB-SINGLE	Single Box	11.1 x 5.2 x 3.7
VLP-QB-DOUBLE	Double Box	11.1 x 8.6 x 4.7

Scan this QR code to see how our LED Enclosure Boxes meet or exceed all UL requirements, including having a built-in barrier to separate primary wiring from secondary leads.
