

GTO SILICONE INTEGRAL SLEEVE WIRE

High-performance, silicone insulation material proven tough and versatile

Specifications

SKU.....	85373	GTO-15 Black (0.311" / 7.9 mm)
	85373-250B ...	GTO-10 Black (0.252" / 6.4 mm)
	85373-250W ..	GTO-10 White (0.252" / 6.4 mm)
Unit of measure.....	Box of 250 ft.	
Conductor.....	Tinned, copper 14 AWG, stranded, electrolytic tough pitch (ETP) (GTO-10 18AWG)	

**Conforms to
UL Standard
814 for gas tube
sign and ignition
cable; meets
integral sleeving
requirement of UL
Standard 814**

**Rate for 10,000 or
15,000 VAC, 150° C**

**UL Listed
E226224**

**GTO-10 White now
packaged in smaller reels,
durable for shipping**

**Superior resistance to
fire, flame, ozone, UV,
and corona**

**Classified and meets
UYTA requirements of
UL Standards 879, 48**
