Less Hassle Starts Here.

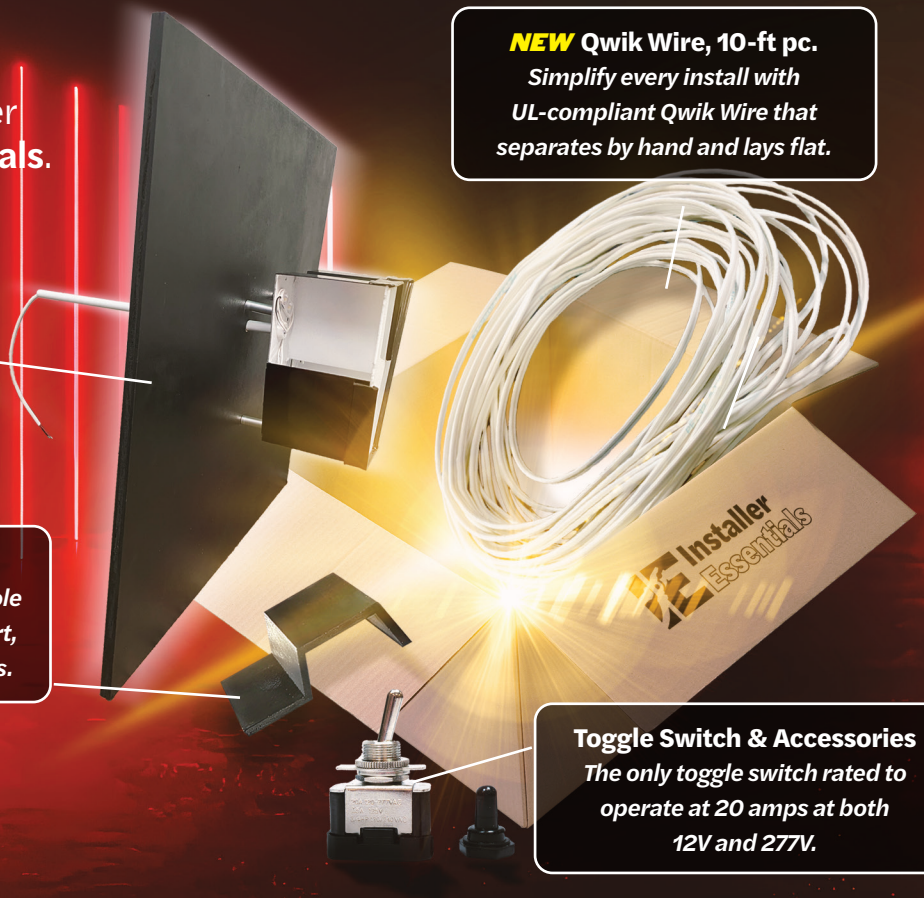

Make installation a little easier with **Ventex Installer Essentials**.

Installer Essentials

Request your FREE sample kit and get a firsthand look at four practical solutions designed with installers in mind, because sometimes the smallest things make the biggest difference.

Wall Punch
The revolutionary two-part through wall wiring protection device for use in Plenum applications.

NEW **Qwik Wire, 10-ft pc.**
Simplify every install with UL-compliant Qwik Wire that separates by hand and lays flat.

NEW **Weep Hole Cover**
Prevents light leak from weep hole while helping to protect from dirt, debris, water, and insect ingress.

Toggle Switch & Accessories
The only toggle switch rated to operate at 20 amps at both 12V and 277V.
